## MILAM BOY SCOUTS TO WACO SATURDAY

### McLAIN PONTIAC FORMAL OPENING SLATED SATURDAY

#### Formal Opening Scheduled For McLain Pontiac Saturday, Oct. 13th

The formal opening of the McLain Pontiac Company is scheduled for Saturday, October 13. This is the newest business establishment in Cameron.

Construction began on the building several weeks ago, with Stanley Hughes, general contractor. The new plant has just been completed and marks a definite departure from the crowded area downtown, and is considered a significant development in the expansion of the business district.

The new construction is one of

#### Milam County Baptist Brotherhood Ass'n Meets At Milano

The Milam County Brotherhood Association met at the Milano Baptist Church, Monday night, October 8, according to August Halberder, president.

Approximately thirty were in attendance. New officers were nominated and will be recommended for approval at the Annual Session of Milam County Baptist Association, scheduled at Marlow, Tuesday, October 9.

Mr. Halberder was re-nominated for the president's post and Henry Anthis was nominated as secretary to replace Sherwood McClaren Jr., in that position.

Rev. N. L. Range, pastor of the First Baptist Church at Lexington spoke on the subject, "Man to Man." Refreshments of sandwiches, cake and coffee was served at the conclusion of formalities.

#### Milam County Chapter Receives Check For Polio Care

A check for \$500.00 to help provide care for local polio patients has been received by the Milam County Chapter of the National Foundation for Infantile Paralysis. It was announced today by L. W. Smith, Chapter Chairman.

When March of Dimes funds are raised, Smith explained, half the money stays here with the local chapter and half goes to the national headquarters for research professional education and emergency aid such as the check just received.

Mr. Smith said record-breaking polio incidence during the past three years had exhausted the treasuries of hundreds of chapters across the country.

"Our own chapter's plight provides a typical example," Smith said. "In the 1951 March of Dimes we raised some \$2,100.00. However, the amount on hand was exhausted by May 1st, and we have consequently had to call on the emergency aid fund at national headquarters.

The Milam County Chapter Chairman said that by late August over \$5,000,000 had been sent in emergency aid to more than 700 chapters throughout the nation.

At present the Milam County Chapter is providing funds for the care, in whole or in part, of one patient afflicted this year in addition to underwriting the patient care costs of two stricken prior to January 1, 1951.

Mrs. Lula Rogers who has been an operative patient in the St. Edward Hospital for several days is much improved and returned to her home Monday.

There is still plenty of time for planting winter legume crops. Inoculated and fertilized winter legumes are valuable as soil builders, supplemental grazing crops and if harvested for seed, they become cash crops.

Mr. and Mrs. Buddy Burk spent Saturday in Austin.

the finest and most modern automotive establishments in Central

Texas, and a credit to the foresight of its owner, G. W. McLain, a leading business man.

The building is modern in every detail and is so constructed and arranged that show rooms, offices, storage and workshops are adequate and strictly modern to give the kind of services Pontiac dealers demand. The entire plant will be augmented by a modern sales and service department. Location of the structure is at N. Central and E. 7th Street, on Highways 77 and 36.

This construction has definitely created a new business center for the city and is a sparkling new monument to progress in Cameron. It has changed the entire appearance of an otherwise drab section of the city and those who see these developments, the kind of progress, a town needs, are commending Mr. McLain upon his success in the business world.

Formal opening hours will be held from 12 noon to 6 p. m. The public has been invited to attend the formal opening.

The ladies will be given flowers and there will be novelties for the kiddies.

#### National Bible Week To Be Observed October 15-21

Eleventh National Bible Week is to be observed October 15-21, sponsored by the Laymen's National Committee, a non-profit organization comprising men and women of all religious faiths, recruiting from all walks of life.

At this time when war clouds loom, when corruption is running rampant throughout America, more than ever before the people of this nation need the comfort, help and wisdom that can be theirs by daily reading of the WORLD'S GREATEST BOOK—THE HOLY BIBLE.

The Laymen's National Committee recommends especially a reading and re-reading of the 23rd Psalm. Here is a passage of Scripture that fairly sings with its rhythmic flow of words, and the reading of which probably has comforted and helped more people than anything that has ever been written.

Never in our history has this nation needed so greatly the moral stamina which can be derived from the Bible. It is hoped that during Eleventh National Bible Week, October 15-21, millions of Americans will discover or rediscover the World's Greatest Book.

Mr. and Mrs. A. J. Triggs of Dallas spent Sunday in Cameron with relatives and friends. Their son, A. J. Triggs, Jr., was recently married and is now a member of the Coast Guard at Corpus Christi.

Mr. and Mrs. Clarence Colburn attended the A&M game Saturday night in Bryan and visited Wallace Colburn and Donald Todd while there.

#### Make McDermott, Jr. Making Progress After Undergoing Surgery

Make McDermott, Jr., patient in the Scott and White Hospital in Temple is reported to be resting satisfactorily early Tuesday morning. He recently underwent surgery and he continues to make progress.

He will have to remain in the hospital for several days more. His many friends will be glad to know that he is making rapid progress.

#### Former Judge To Lead Fight Against Proposed Amendment

Jim Cantrell

Jim Cantrell of Princeton, former County Judge of Collin County, will lead a state-wide fight against the proposed constitutional amendment seeking to revise the present system of Texas old age assistance payments.

The amendment will be submitted to the people Tuesday, Nov. 13.

Declaring that the proposed amendment would abolish all residential and citizenship requirements for old pensions and aid to the blind and needy children, Judge Cantrell predicts that payments to present recipients will be cut should the amendment carry.

Jim Cantrell is a native Texas and a leader in soil conservation work in North Texas. He recently served as president of the Texas Rural Roads Association. He is a farmer and president of the Citizens State Bank at Princeton.

#### Telephone Company To Request Increased Rates In Cameron

Citing continued losses on its operations in Cameron Southwestern Bell Telephone Company Wednesday filed an application with City authorities for an increase in rates for local telephone service in this city.

"Since January of 1946, there has been a tremendous demand for telephone service here," C. L. Carson, manager of Southwestern Bell, said. "And the telephone company has spent nearly \$250,000 to meet this demand."

"Actually, the telephone system is much larger now than in 1946," he said. "There now are over 1750 telephones in service here, while in 1946 the total was only 1067."

"All of this big expansion program has had to be undertaken in the face of the high levels of costs—for materials, equipment, and labor," the manager said.

The telephone company was granted an increase in rates in Cameron, "the only one in 31 years," in November, 1948. This

increase, together with the addition of more telephones to the system here, brought in more revenue, Carson said.

"But costs of furnishing service has been climbing, too," he continued, "and we are still losing money."

New rates requested by the company for main service are \$9 a month for a business telephone; \$5.00 monthly for individual-line residence telephones; \$4.00 for two party lines; and \$3.25 for four-party lines.

Carson emphasized that the \$250,000 spent to expand the telephone plant in Cameron since 1945 did not come from rates telephone users pay for service. That money is used for day-by-day operating expenses.

"Money for expansion comes from thousands of men and women throughout the country who have entrusted their savings to the telephone business. They expect the management of the business to invest their money where it will earn a fair return."

#### Bobby Stanislaw Awarded First Place In Theme Contest Recently

Bobby Stanislaw has been awarded first place in the theme writing contest at the Yoe High School on Fire Prevention Week by D. A. R., it was announced by Mrs. C. L. Canady.

Bobby, star on the Yoemen squad, is also a leader in other activities at Yoe High. The theme is as follows:

The local fire rates of Cameron are not determined by the Fire Insurance Companies. These rates are determined by the state. This is done in order to control or protect the fire insurance companies.

Some of the main factors which raise our fire rates are being remedied. Others can't be. Our water supply is our largest factor. The water works and our inadequate standpipe do not give us enough water pressure. We have only one main running to fire hydrants in various parts of our city. If this single main were to break, we would be without water to extinguish the fire. The pumping system on our fire trucks is not as up-to-date as it should be.

The Fire Department itself has a lot to do with determining our rates. Only a low percentage of the firemen in this city are paid.

#### Scout and Leaders To Be Guests At Baylor-Arkansas Game Saturday

Over 4,000 Cub Scouts, Boy Scouts, Explorers and their leaders from Heart O' Texas Council and Central Texas will be guests of The Athletic Department of Baylor University on October 13th at the Baylor-Arkansas Football game in Waco, announced P. G. "Bob" Knudson, Chairman of Baylor Boy Scout Day Committee.

Each unit will participate in the Half Time Ceremony with its American and Unit Flag Bearers in a colorful ceremony while the Baylor band forms the Scout Badge and plays, "America Tomorrow."

#### Lions Club Shown Football Film

The Lions Club was favored with a football film in technicolor at the Tuesday luncheon, October 9.

The film entitled, "Highlights of the 1950 Southwest Conference Games," was shown by A. W. McCullin.

The film was secured through the courtesy of Woodrow Lowe and the Humble Oil and Refinery Company.

E. A. Perrin was program chairman.

The rest are volunteers. This city is also charged with having insufficient fire fighting equipment and only one fire alarm. Firemen a few miles from the alarm are unable to hear the alarm.

Other factors making our fire rates higher are low buildings, too many streets less than 70 feet in width, and most of our alleys less than 15 feet wide. These factors make traffic jams possible during a fire. Also, most of our alleys are jammed with trash and garbage.

Some overhead hazards which raise our rates are telephone and electric wiring, and wooden shingles. I could write still dozen more hazards in our city, but there are also some improvements which have lowered our fire rates.

Some of these improvements that lower our high rates are the efficiency of our firemen in fire racing competition. They have won first place quite a few times already. We have three fire trucks which carry a good supply of water. Our department has some up-to-date equipment used to fight chemical fires. The night watch service is a great help in stopping a night fire before it has started good. We also have a large number of fire hydrants. The teaching of fire prevention and fire drills in our schools help to determine our fire rates. The arson awards help prevent fires and in this way also help to lessen our rates.

The fire rates are determined by the percentage of fire losses and damages the year before. If the fire losses are over 75 per cent of the insurance coverage, the rates are raised 15 per cent.

In other words, the best way to lower our high fire rates is to help prevent fires.

#### Local Citizens Invited To Waco Thursday

L. G. Smith, manager at the Chamber of Commerce, recently received a letter from the Waco Chamber of Commerce, inviting residents of Cameron to the parade of Hollywood celebrities for program, "Movie Time in Texas, USA," on Thursday, October 11.

The caravan of stars is scheduled to arrive in Waco on that date. The parade will be down Austin Avenue from 18th street and will end at the speakers stand in the middle of Fifth street intersection.

Among the celebrities to be in Waco for the occasion are Greer Garson, Dan Dailey, John Wayne, King Vidor, Jesse L. Lasky and Former Texas Attorney General, Bill McGraw.

All Scouts and Leaders will be seated in a special section in the East stands, Sections Q and R. Explorers of the Heart O' Texas Council will serve as ushers again this year at all Baylor home games.

Cameron Yoemen squeaked through a narrow victory Friday night when they edged the Killen Kangaroos in a 7-6 see-saw battle. Only the magnificent kicking of Glenn Rosenberg saved the day.

The only Yoe tally came in the first quarter after a brilliant defense spectacle by the Yoe line, holding the Kangaroos to their own 30, taking over here on downs following a bad pass from center.

On the fifth Yoe offensive play of the game, following the stiff-back defense, Lankford raced from the 30 to the 21 yard stripe.

From here Rosenberg snaked through left tackle behind perfect blocking for the remaining 21 yards for the only Yoemen TD. Rosenberg's conversion was good.

On the play following Rosenberg's kick-off to the Kangaroo's 10, Ermis recovered a fumble on the 35. On the next play Batte hit Lankford with a 20 yard toss to the Kangaroo 6. Lankford raced through right guard to the Kangaroo goal, but was hit with a tooth-jarring tackle and fumbled across the goal line, where it was ruled that Killen recovered.

The Yoemen kept things under control the rest of the initial quarter, but were never able to score again. During the first part of the second quarter both teams rammed hard in line plays, but their attempts were futile. Late in the second quarter the Kangaroos threatened but the Yoemen staved off the touchdown push and the first half ended.

The 'Roos opened the second half with a bang, taking the kick off on their own six yard line and drove down field 60 yards without losing the ball. Jimmy Adams, fleet footed Kangaroo back ripped off a 58 yard jaunt during the TD march for the longest run of the night.

On fourth down with a yard needed, Vick went over guard for the tally. Winford Cockrell's try for extra point was no good.

On the kick-off following their only TD the Kangaroos executed a perfect on side kick with Taylor recovering the free ball on the Cameron 45 yard line. The 'Roos rammed their way down to the Yoemen 1 yard line, but the line stiffened and held with the ball going over on downs.

Eldon Batte kicked out to mid-field and from this point the Kangaroos started for the Yoemen goal line again. Once again the fighting Yoemen held on fourth down, again the ball going over to the Yoemen.

The Yoemen defensive team showed plenty of guts in holding off these deep penetrations by the 'Roos during the third quarter.

Early in the fourth quarter the Killen team marched down the field to the Yoemen 10 yard line, only to be held again by the Yoe forward wall.

During the final period the Yoemen got going, but were slowed down with two 15 yard penalties which resulted in having to punt. Late in the quarter, the 'Roos moved down into Yoemen territory to their 33 but failed to make a first down by inches, the ball going over to the Yoemen again.

#### Use Of New Drug May Prevent Many Deaths

Use of a new drug which liquefies pus, blood clots and dead tissue, promises to prevent many deaths from deep chest infections which are so prevalent during the winter.

Made available to doctors only a few months ago, Varidase streptokinase-streptodornase is an enzyme product which has proved extremely useful against smpyema (deep chest infections).

Previously, such infections almost always required major surgery, which often endangered the patient's life.

## Worms Feeding On Oats, Poisoning Is Advised By Agent

Requests are coming to the count agents office from farmers for information on controlling worm which are feeding on oats and other fall crops. Cool weather should slow down the activity of these worms considerably, reducing the over-all damage to grazing crops.

However, in the event that any of the farmers want to poison to stop the worms, 10 per cent DDT dust at the rate of 10 pounds per acre is the best insecticide to use. If favorable weather continues for the spread of the worms, it might be advisable to dust border strips around already infested areas to less the damage to other areas. DDT dust would not be injurious to livestock grazing the oats later on in the season.

## Jerry Goodrich Is Honored On Birthday With Party Recently

Jerry Goodrich, son of Mr. and Mrs. R. I. Goodrich, celebrated his seventh birthday with a party at the City Park, Thursday afternoon, October 4.

There were twenty-four guests present to enjoy games and fun.

Mrs. Goodrich served dainty cup cakes topped with individual candles with soda pop. A large birthday cake decorated in yellow and white with seven candles was the centerpiece for the table. Plate favors were Tommy Tumblers with bubble gum.

## Mid-Tex Jamboree Slated At Austin

Austin will be the meeting place for the Central Texas Square Dancers who will kick up their heels in do si-dos and allemande thars at the 1951 Fall Jamboree, on October, 20.

Sponsored by the MidTex Square Dancers' Association and the Austin Recreation Department, the dance will be held at the City Coliseum from 8 to 12 p. m., with Johnny Deison's Cripple Creek Ranch Hands and Victor Raby's Texas Star Swingsters furnishing the music.

Pat Pattison of Santa Fe, well known Southwest square dance enthusiast and caller, will fly to Austin to act as emcee. Local dancers will remember that Pattison originated two of their favorites: "Double the Dose and Corners of the World."

## CARD OF THANKS

We want to express our sincere gratitude to all of our many friends for their many acts of kindness shown us at the death of our loved one.

We especially want to thank those who sent flowers or helped in any way. We will always be grateful to all of you.

Mrs. Frances Sheguit & Family.

GO TO CHURCH SUNDAY—Do your duty.

Breakfast in southern Italy today is bread—or nothing.

Due to the impoverished soil, overpopulation and a number of economic reasons the agrarian population of southern Italy, even five years after the war cannot produce the wherewithal to sustain life.

This boy in tattered clothes, lives in Salerno. He is 13 years old but has the body of a child of nine. He is orphaned and lives as best he can by helping to harvest grapes. For a back-breaking 12-hour working day, he receives 50 lire or about eight cents in American money. This job, however, lasts only during the grape season, which is now. During the winter, spring and summer seasons he earns nothing.

Christian relief agencies, through the Christian Rural Overseas Program (CROP) which collects relief in kind from American farms, have helped boys like this, but more is needed to make this a happier world to live in for this boy and all the others which have not yet benefitted from the Christian spirit of the American farmer.

## Scout Leaders Meet Here Thursday Night

Approximately 20 scout leaders over the county were present at the meeting of the County Scout Round-Up at the First Presbyterian Church Thursday night, according to Stewart Perkins, scout master of Troop 54.

Harry Hahn, field scout executive, showed a film on scouting. A number of discussions were held on various phases of promoting scout activities.

Boys who are ages 11 or 12 interested in scouting, may contact Mr. Perkins.

## MEETING SCHEDULED

There will be an important meeting at the County Court Room in Belton, Monday, October 15, according to E. J. Amey, Director of Motor Vehicle Division of the State Highway Department.

All Bell County motor vehicle dealers, finance companies. Blanks will be presented to discuss procedure used in obtaining registration and certificate of title on motor vehicles and attendant problems, Mr. Amey stated.

The number of vehicles registered annually in Texas has now

# Southwest Conference

## Teams In Major Battles This Week

Several of the most highly rated football teams in the nation will be reported in action over the humble networks tomorrow as the big games of the week go on the air over more than 60 Texas radio stations.

In the second Conference game of the season, the Arkansas Razorbacks invade Baylor Stadium in Waco to take on the Baylor Bears. Other contests on the air with Humble are those between Texas University and the University of Oklahoma, SMU and Notre Dame, TCU and Texas Tech, Texas A. & M. and Trinity and Rice Institute and Navy.

Broadcast of the Baylor-Arkansas tilt begins at 1:50 p. m., from Baylor Stadium. John Ferguson and Eddie Hill will describe this game over stations WACO, Waco; WBAP-WFAA-570, Dallas-Fort Worth; KVET, Austin.

Kern Tips and Alec Chesser will bring the clash between Texas and Oklahoma to listeners direct from the Cotton Bowl at 1:50 p. m. over stations KTBC, Austin; WFAA-WBAP-820, Dallas - Fort Worth.

Also at 1:50 p. m. fans will hear the SMU-Notre Dame fracas described by Charlie Jordan and Bob Walker from Notre Dame Stadium in South Bend, Indiana, over station KRLD, Dallas.

When the TCU Horned Frogs meet the Red Raiders at Texas Tech Stadium, Bill Michaels and Dave Smith will be standing by to announce the contest at 8:00 p. m. over stations WBAP-WFAA, 570 Dallas-Fort Worth.

Alamo Stadium in San Antonio will be the scene of action as the Texas Aggies take on Trinity University. Broadcast time is 8 p. m., and at the microphones will be Dave Russell and Jim Wiggins to render an account of the game over stations KORA, Bryan and WRR, Dallas.

Ves Box and Glenn Brown will be at Houston Stadium at 8:05 p. m., to broadcast a description of the game between Rice Institute and Navy over stations WFAA-WBAP-820, Dallas-Fort Worth.

Miss Patricia Gill To Wed Ivey T. Gilbert

Mr. and Mrs. Grady Gill announce the approaching marriage of their daughter, Patricia Gill to Ivey T. (Buddy) Gilbert.

The wedding has been set for 2:30 p. m. Sunday, October 14, at the Buckholts Baptist Church.

# Department Estimates

## Texas Cotton Crop At 4,800,000 Bales

Washington, Oct. 8.—The Agriculture Department today estimated the Texas cotton crop this year at 4,800,000 bales of 500 pounds gross weight.

That is 63 per cent of normal as of Oct. 1, with an average production per acre of 183 pounds.

The estimate for the nation was 16,931,000 bales or 360,000 bales less than the 17,291,000 bales forecast a month ago.

The Government had sought an increase this year as a means of replenishing stocks which had dwindled to a low level under the preparedness program.

The indicated yield of cotton to the acre nationally was 284.7 pounds. Last year's figure was 269.2 pounds, and the 10-year average 265.9 pounds.

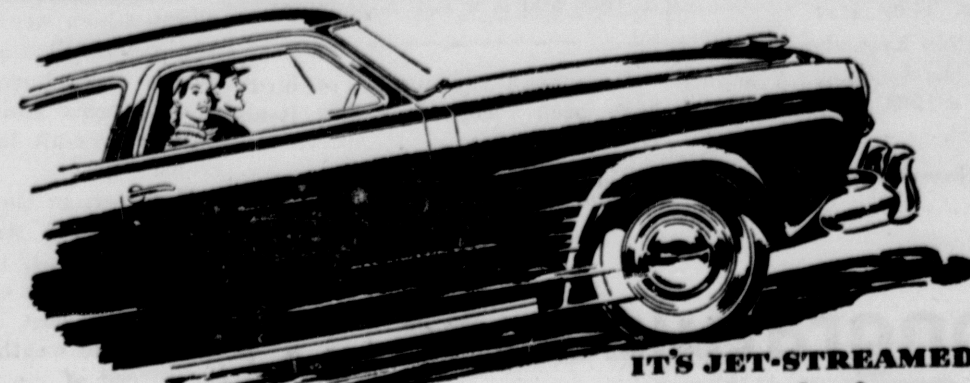

Condition of the nation's crop as of Oct. 1 was 74 per cent of normal compared with 64 at this time in 1950 and 73 for the 10-year Oct. 1 average.

Mrs. Lottie Bigbee returned Saturday from Marlin where she spent two weeks with her sister, Mrs. Cooley.

Ed. Gandy and Fred Harvey of Houston were guests in the home of Mr. and Mrs. J. L. Slaughter one day this week.

## Betty Ruth Glass Injured Accidentally Near Ben Arnold

Betty Ruth Glass, daughter of Mr. and Mrs. Frank Glass of Ben Arnold, was accidentally injured Thursday afternoon when she was struck by a car as she attempted to cross the highway near the Ben Arnold School according to Sheriff Carl Black.

Betty Ruth did not see the car driven by R. A. McCoy of Rosebud. Mr. McCoy was accompanied by Lee Chapman also of Rosebud. As they approached the girl, she ran into the highway not seeing the car.

She is in the St. Edward Hospital with only bruises and cuts. She will have to remain in the hospital for several days, however she is reported to be resting satisfactorily.

New developments in tanker efficiency have stepped up tanker speeds 20 per cent in the last decade—and a new tanker of around 250,000 barrels capacity can haul 50 per cent more oil.

## Mr. and Mrs. Brashear Parents Of Daughter

Mr. and Mrs. Warren Brashear are the parents of a daughter born Monday, September 24, at the St. Edward Hospital.

The new daughter has been named Beverly Ann, and weighed six pounds and four ounces. They have a son, Gary, who is twenty months old.

Mrs. Brashear is the former Juanita Burnett. Mrs. Brashar and children plan to join Mr. Brashear who is employed in Beaumont, in the near future.

## B & P Women Club Has 4 New Members

At a recent meeting of the Business and Professional Women's Club, four new members were welcomed into the club.

Miss Myrtle Hinton, presided at the meeting. Mrs. Vance Werner, Mrs. M. M. Statman, Mrs. Ida Belle Lewis and Miss Yvonne Wimberly are the new members.

Preceding the business meeting the refreshment hour was held. Fourteen members were present.

## O. B. Clinard Buried Sunday; Services Held At Marlow Church

Owen B. Clinard, 67, died at the St. Edward Hospital, Saturday, October 6, 1951.

Mr. Clinard had been a patient at the hospital for the past five days, although he had been in declining health for a number of years.

He was a native of Bell County, born near Rogers in 1884, son of the late Celia Hilliard and Z. T. Clinard. He had lived in Milam County in the Minerva Community most of his life and moved to Cameron about six years ago. Mr. Clinard was a member of the Church of Christ.

Mr. Clinard was married to Mittie Pratt in 1910.

Funeral services were held at the Marlow Baptist Church Sunday, October 7, at 4 P. M., with Rev. H. Ballard, of Waco, officiating.

Interment was made in the Marlow Cemetery with Greens Funeral Home making the arrangements.

Surviving are his widow, Mrs. Owen Clinard, two sons, W. W. Clinard of Temple; Chester Clinard of Moody; three brothers, Woodie Clinard of Rogers; Tommy Clinard of Hillsboro and Forrest Clinard of Whitney; three sisters, Mrs. Artie Pratt of Travis; Mrs. Christi Tne Swindle of Temple, and Mrs. Maud Giesbers of Temple. Sixteen grandchildren and one great grandchild, also survive.

Pallbearers were: Alfred Price, W. E. Clinard, Lee Ray Clinard, Milton Clinard, Lloyd Baker and Marvin McDonald.

## Air Force Reserve Training Unit Meets; Meetings Held Weekly

The "C" Flight of the 9857th Squadron of the Voluntary Air Force Reserve Training Unit met Thursday, September 27, at the Vocational School at 8 P. M., under the command of Lt.-Col. O. G. Tumlinson.

M-Sgt. Siss Laison non-commissioned officer of the regular Air Force came over from Bryan to assist in conducting the meeting. The latest information concerning the 1952 Reserve program as given to the local unit by Captain Hall of the regular Air Force was discussed by the group.

T-Sgt. "Buck" Wilkerson of the local unit presented some of the new Air Intelligence on the Korean War.

"C" Flight was organized in Cameron in January of this year. In spite of its small size, it is an active unit. Meetings are held every Thursday at the Vocational School and is open not only to Air Force Reserve personnel but also to the reserve personnel of every branch of the Armed Forces.

"C" Flight is not an organized reserve unit and members only earn points toward retirement and promotion by attending. The most important reason for its existence, however, is for the Reserve personnel to keep in touch with the latest events in the armed forces.

## Gen. Wainright To Be Guest Of Honor At Ft. Hood Oct. 20

General Jonathan M. Wainright, hero of Corregidor, will be a guest of honor at Fort Hood October 20, to present battle streamers to two First Armored Division units, the 100th Heavy and the 1st Medium Tank Battalions.

In addition to the presentation of battle honors at a review, the general will make an inspection tour of the post including the individual tank and tank infantry-artillery ranges.

General Wainright, retired, will present the battle streamers, earned by the 100th and the 1st when they were members of their parent organization, the First Cavalry Regiment.

## Texas Churches Are Cooperating In Crop Overseas Program

The churches of Texas are cooperating in a mission of mercy to send a Texas Friend Ship Food and Fiber Ship to war torn nations through the Christian Rural Overseas Program which is sponsored by Catholic Rural Life, Lutheran World Relief, and the Church World Service.

CROP is a church sponsored movement which is being highly accepted by leaders not only in the many churches but in all walks of life.

## Rotarians Shown Interesting Film; Steak Supper Slated

The Cameron Rotary Club was entertained with a film Wednesday at the regular weekly luncheon.

Dr. Clifford Swift was program chairman, and a film on trapping Mountain Lions in the Big Bend Country, was shown. All members enjoyed the film.

A steak supper will be held on October 17. A recent attendance contest ended with Henry Siebman and Milton Schiller as captains. Mr. Siebman's side was victorious and Mr. Schiller team will have to treat the other side to a steak supper.

Mrs. Jack Reavis, Mrs. Dewey McElwath and Norma Jean Wilson attended the foot ball game in Killeen Friday night.

## Edwin Fischer Named Soil Conservation Supervisor of Zone 3

Edwin Fischer of Buckholts was re-elected Soil Conservation Supervisor of Zone Three of Central Texas District, at a meeting on Thursday, October 2, at 2 p. m., at the office of J. D. Moore, county agent.

Mr. Fischer has been a supervisor with the Central Texas district since 1940 when he program was first organized. There are four zones in the Central Texas area.

The supervisors meet every fourth Thursday of each month in Temple for a general meeting. Three educational meetings were recently held in the county for the purpose of securing a supervisor for this area, Moore stated.

### SS Report Released Gives Benefit Figures From June 50-51

The number of person in Texas receiving old-age and survivors insurance benefits as of June 30, 1951 was 120,225 according to J. H. Bond, regional director of the Federal Security Agency with headquarters in Dallas. This represents an increase of 16,125 in the number of beneficiaries from January 1950 to June 30, 1951. He explained that the 1950 Amendments provided for a substantial increase in the amount of monthly payment to each beneficiary. As of June 30, this year, the payments in Texas amounted to \$3,690,759 monthly.

In releasing these statistics, Mr. Bond emphasized the fact that they apply to the Federal insurance program. All workers and their employers make contributions in pay roll taxes to provide funds for the operation of this program. They do not refer to the State-operated public assistance programs which are also a part of the Social Security Act. The effect of the increase in the number of insured beneficiaries and their higher payments in the long-run

### Library Club Elected Officers

The Library Club, which is one of the most important clubs in Yoe High School, have elected the following officers:

Joann Carter, President.  
Eloise McGoldrick, Vice-President.

Fayrena Fikes, Secretary.  
Rosalie Tomek, Treasurer.

Billie Lou Fuller, Reporter.

There are twenty six members of the club and each one has an active duty. The library assistants are kept busy helping the students with information regarding the library.

Important chores done by the assistants are checking and shelving books, keeping the flowers watered, cleaning windows and keeping magazines in order. Miss Haynes, with the help of all the assistants keep the library looking neat and attractive at all times.

Last year, Miss Haynes, with the help of an assistant, helped the O. J. Thomas School in getting their library organized.

We will continue our work at the colored school again this year to help them get their books cataloged.

On November 15 the Yoe High Bookworms will present a program in the school auditorium honoring National Book Week.

### Local Schools Observe Fire Prevention Week

Fire prevention week is being observed at the Cameron Public School this week, according to S. M. Layfield, principal.

Students at both the Ada Henderson and Yoe High may either write a theme or make a poster concerning fire prevention.

Each room has appointed a fire chief and drills are being held in observance of this week.

An assembly program will be held Thursday at which time posters will be judged and prizes are awarded. Members of the faculty will act as judges.

This activity is always one of the main functions on the fall school calendar.

## Fire Prevention and Civil Defense Go Hand in Hand

Fire prevention is an important part of civil defense. If an enemy attacks this country, his bombs, whether they be atomic, high explosive, or incendiary, will cause more damage by fire than they will by blast. Hence, anything done to make it hard for fires to start is a step towards preparing your community to protect itself if war comes.

The majority of all fires start in trashpiles, rubbish, or stored odds and ends that accumulate around the house. Closets, attics, and cellars are the main source of home fires, and plain ordinary good housekeeping is a strong line of defense against them.

Clean out your storage places. You will be surprised at how many burnable odds and ends are really useless to you. Don't let them make your home a fire hazard. Get rid of them. If local welfare agencies can't use them, call the junk man.

Don't stop when you've cleared out the inside of your house. Go after rubbish in your back yard, in alleys and in vacant lots near your home. Collect the rubbish and burn it. Don't leave it around to burn if an enemy bombs your city. Be sure to burn rubbish in metal containers.

Take a look at your electrical system. Buy new plugs and cords if yours are worn. Get advice from an electrician if your fuses blow frequently. They may be dangerously overloaded. His advice may prevent a bad fire.

Every winter costly fires are started by faulty furnaces, stoves, and other heating plants. Some result from too much soot in

## Miss Pauline Sakewitz Becomes Bride Of Gene Friemel Sunday

Miss Pauline Sakewitz, daughter of Mr. and Mrs. Paul Sakewitz of Buckholts, became the bride of Gene Friemel, Sunday, October 7, 4 P. M., at the Hope Lutheran Church at Buckholts.

The impressive ceremony was read by Rev. John Striepe, pastor.

Preceding the ceremony Mrs. John Striepe played several nuptial selections and rendered the wedding marches. The bride and groom approached the altar together.

The bride was dressed in a beige gabardine suit with an orchid corsage, and brown accessories.

Miss Bobby Ann Burnett attended as maid of honor and wore a maroon tweed suit with a white carnation corsage.

Stewart Perkins attended as best man. Only close friends and relatives were present for the ceremony.

Following the ceremony the wedding party enjoyed dinner at the home of the bride's parents. The couple are honeymooning in New Orleans and other Southern points.

The bride has been employed at the Citizens National Bank, in the book-keeping department for the past year. She is a graduate of the Buckholts High School.

The groom graduated from Yoe High School and attended A&M College for two years. The couple will make their home in Cameron. He is the son of Charlie Friemel.

## Here's why Fordomatic puts them all in the past!

For the past year, automotive writers, engineers and owners have been raving about a new kind of automatic driving . . . and here's why you get it only in Ford Cars:

All the power you need when you need it!

Some automatics have this

The automatic drive some cars offer you is a torque converter which multiplies torque without the use of gears. Its disadvantage is a smooth flow of power. Its disadvantage is a smaller range of torque multiplication which requires more power from the engine and an uneconomical axle ratio which increases costs.

Some automatics have this

Other cars offer an automatic drive that uses automatic gears (as illustrated in simplified form at right) instead of a torque converter. The advantage here is more "go," more control and greater economy. The disadvantage is that this system is not as smooth, nor as jerk-free as a torque converter.

It gives you instant "GO"!

It practically drives itself!

But Fordomatic has both

Yes, Fordomatic has a torque converter plus automatic gears. It brings you only the advantages of both drives.

Unlike cars with only a torque converter (which start and cruise all in one drive gear), Fordomatic starts fast and smooth in Intermediate Gear then shifts itself into Drive Gear.

## Racing Team Awarded \$50.00 in Recent Contest Held At Killean

The Cameron Volunteer Fire Department brought home the flying colors again.

The racing team of the local department won first place at the Central Texas Fire Convention held at Killean, Sunday, October 7, according to Frank Richter, Sr., truck driver.

Eight members of the department participated in the race which included, Jerry Mikula, team captain, Frank Richter, Sr., truck driver, Jack Logan, Vaughan Jenness, Leo Hollas, Buck Slavik, Ralph Michalka, chief and Joe Petru.

They were awarded \$50.00 for winning first place with a time of 21 and seven tenths seconds. Round Rock was second with 23 and one tenths seconds and Granger was third with 23 and six tenths seconds. Twelve teams participated in the activities.

Following the races the firemen enjoyed a delicious chicken barbecue.

The next convention will be held at Brenham in May 1952, Mr. Richter said.

The Cameron firemen have always made a good showing at previous conventions and usually bring home the bacon.

Mrs. Jack Logan was a visitor at the convention.

## Sam White Receives Prizes in Contest Recently Staged

The American General Life Insurance Company for which Sam S. White, of Cameron, is a representative, staged a contest in appreciation of the ladies of the Company during the first twenty five days of September.

Rigid qualifications, production wise, were set up so that each agent had an opportunity to qualify for prizes appropriate for their wives. Sam White met these requirements, and attended a regional meeting in Bastrop on Friday, September, 28th, to receive the prize points due him, for his wife the former, Miss Gloria Gibson.

Sam whose motto is, "Call Sam For Service," has done an outstanding job as a personal producer of life insurance in Milam County since April of 1950 when he resigned from the Milam County Vocational School and joined the American General Life Insurance Company.

Sidney L. Loveless, District Manager of the Central Texas Agency, of which White is a member, is high in his praise of the fine job of life underwriting that he is doing and his cooperative spirit in all Agency matters. In this respect Sam is simply carrying on in same manner in which he has always discharged his responsibilities to the civic and church improvements of his home county.

## Miss Thweatt Honored With Shower At Home Of Mrs. J. P. Wise

"Women Of The Church," at Maysfield Presbyterian Church honored Miss LaVerne Thweatt, bride-elect, with a miscellaneous shower at the home of Mrs. J. P. Wise, Friday, Sept. 28. Blue and yellow fall flowers were used throughout the home for decorations.

Gloria Triggs was at the bride's book and registered approximately sixty guests as they arrived from Cameron, Temple, Rogers, Branchville and Calvert.

The table was covered with a lace cloth made by the honoree's mother and held the crystal punch bowl. Blue candles in crystal holders tied with blue bows also adorned the table.

Barbara Weems poured the punch and Gloria Triggs served cake.

A series of games were played for which prizes were given.

Miss Thweatt was dressed in brown and wore brown accessories. She will be married to Carroll McElwath, Sunday, October 7, at the First Presbyterian Church, Maysfield.

The best season for planting the winter legume crop has arrived and moisture conditions are now favorable. Legume seed should be inoculated and the land fertilized before the seeding operation is performed.

## William J. Wise, 48 Dies In Houston Services Held Friday

Funeral services were held for William J. Wise, 48, at 2 P. M., Friday, October 5, at the Liberty Church. Burial was made in the Liberty Cemetery with Pat H. Foley Funeral Home directing the arrangements.

Mr. Wise died in a Houston hospital at 3:24 A. M., Wednesday. He had been a resident of Houston for the past eleven years. He was the father of William Wise.

Mr. Wise was an employee of the city of Houston at the time of his death. He lived in Milam County for several years prior to moving to Houston. His many friends over the county were shocked to learn of his sudden death.

Surviving are his widow, Mrs. Beulah Wise of Houston; one son, William J. Wise, Jr., of Cameron; one daughter, Mrs. Edwin McLain of Tyler; his mother, Mrs. Frances Wise of Milano; two sisters, Mrs. L. W. Kornegay of Dallas, and Mrs. Eunice Welch of Houston; five brothers, R. D. Wise of Cameron, I. V. Wise of Gause, Charles of Houston, H. G. Wise of Liberty, Ill., G. C. Wise, of Bloomington California.

## Rev., Mrs. Theilpape Honored With Shower At Marlow Church

Rev. and Mrs. Joel Theilpape, recently married were honored with a miscellaneous shower in the annex of the Marlow Baptist Church, Thursday night, October 4.

The Young People Department of the church sponsored the shower. Mrs. Morris Coward was in charge of a number of spirited games.

Mrs. Sam Tindall gave a toast to the bride followed by a toast to the home by Mrs. Jack Thompson.

Mrs. Max McClaren read a bridal prayer.

Approximately sixty were present for the occasion.

At the conclusion of formalities the couple, assisted by Mrs. Thompson unwrapped a large number of lovely gifts, thanking each one for their gift.

Refreshments of cakes, cookies and soft drinks were served.

## Grant To Support Cancer Research Announced At Temple

An American Cancer Society institutional grant of \$55,515 to the M. D. Anderson Hospital for Cancer Research, a branch of the University of Texas, was announced Friday by D. G. V. Brindley, chairman of the Executive Committee of the Texas Division, American Cancer Society.

Dr. Brindley said that the grant will help support a unique and

extensive investigation in cancer patients of metabolism—the processes connected with growth, such as nutrition for the cells, the chemical exchanges that take place, and the waste products given off.

Only previously untreated patients with either prostate or thyroid cancer will be examined, and tests will be made throughout the whole course of the disease according to physicians at the hospital, which is located at Houston.

## Hydraguide Power Steering!

Chrysler this year introduces the first power steering ever offered on an American passenger car. Many owners tell us it is the greatest advance in car driving since the self-starter! To a person who hasn't tried it, it is actually impossible to describe what a difference it makes. Driving becomes a new and wonderful experience. At your touch on the wheel, hydraulic power instantly provides four-fifths of the energy needed to steer the car. Gone is all sense of tug, strain, tension. In its place you find a wonderful sense of absolute front wheel control with almost no effort on your part. Hydraguide is regular equipment on Crown Imperials, optional at extra cost on other 8-cylinder models. Whatever car you're driving now, we invite you to . . .

CONSTRUCTION OF THE ALUMINUM COMPANY OF AMERICA'S new and highly modern steam electric plant in Milam county is scheduled to start within the next two weeks, according to W. W. Lynch, president of the Texas Power & Light Company which will build and operate the new generating station.

Surveying and other preliminary work on the project got under way in September following completion of negotiations between Alcoa and the Texas Power & Light Company and the issuance of certificates of necessity by the Defense Production Administration.

The new aluminum plant will be located eight miles southwest of Rockdale, near the lignite fields at Sandow and is expected to be in partial operation late in 1952. When it reaches full operation in 1953, production will be about 85,000 tons of aluminum per year. Approximately 1,000 persons will be employed.

Mr. Lynch and Dr. Anderson then approached the Aluminum Company of America at that company's headquarters office in Pittsburgh, offering this company the same proposal made to Apex. Alcoa expressed an interest, conducted an investigation and decided

Wouldn't you rather have an Electric Range?

CONSIDER the advantages of cooking electrically: It's clean! Your electric range gets its heat via wire. There's no smoke or soot to blacken pans, mar curtains, walls and cabinets.

It's fast! A turn of the switch and an electric range's high-speed cooking units are instantly ready for use.

It's dependable! Accurate temperature control that cuts on and off automatically, gives you the same good cooking results every time.

It's economical! ... Cooking electrically costs less than one cent per person per meal. There's less food shrinkage, too, with draftless electric cooking.

It's safe! Electric cooking is match-less... there's no flame for drafts to bother, as easily operated as an electric light.

And that's only a sample of the good things to come. Once there's an electric range in your kitchen, you'll be saying, "Of course, I'd rather have an electric range... for me, there's no other!"

Only Electric Cooking gives you complete Cooking Pleasure!

## What's the fastest-growing line of trucks in America?

Look around you—in cities, on farms, at terminals and loading docks—wherever goods are moved on wheels.

More and more, the pay load's packed on a GMC.

You see those letters on medium and heavy Diesels, the most economical workers in their field. For GMC means first in Diesel power.

You see gasoline-powered GMC's front-running the highways of America—pace-setting delivery of the necessities of peace and war.

You see nimble bantamweights of the family—the highest-powered 1/2- to 2-tonners made—outpulling, outhauling every other truck in their class.

Ever wonder why GMC is gaining a greater percentage of the industry than any other truck-maker?

Ask the truck drivers themselves.

See the confident way they talk of the power plants, the broad-shouldered chassis—the way a GMC handles.

Ask about the tons they've hauled, the miles they've logged—the nip-and-tuck schedules they've licked time and again.

Ask these cost-wary haulers why they've made GMC the fastest-growing fleet in the land.

They'll tell you it's because GMC is the finest motor truck made.

If you'll come in, we'll show you why we think they're right.

## Fifteen Hour Instructor Course Scheduled Here October 15th to 19th

James Hamilton, first aid and water safety services field representative, will conduct a 15 hour first aid instructor course in Cameron beginning October 15, continuing through the 19th, according to Bill Burns, First Aid Milam County Chapter American Red Cross.

The course is scheduled to be held in the Yoe High Gymnasium. All former instructors and anyone having an advanced first aid certificate may attend the classes.

Mr. Burns recently received a letter from Mrs. Frances Norgaard, correspondent, first aid and water safety services stating that Mr. Hamilton will be glad to meet with former instructors and explained how they may become authorized first aid instructors. Hamilton strongly recommends all who are eligible to take the course.

Both the national office of education and the office of civil defense have emphasized the need of first aid training in schools. Any help possible in developing first aid activity so that it may reach all the schools in county chapter is extremely helpful in many ways.

A first aid training course was

held at the Gymnasium last spring and those attending have benefited greatly in their knowledge to utilize the many safeguard and precautionary measures and to give every possible aid in case of accidents.

## Bill Arthur Reports Labor Shed Well Used

There were more than 60 crews that used the Farm Labor Shed in Cameron during the cotton harvesting season, Wm. F. Arthur President of the Cameron Chamber of Commerce, said today.

Mr. Arthur said that most of the crews averaged 10 pickers. Some crews were much larger than the 10 average and Mr. Arthur estimated that some 600 cotton pickers took advantage of the facilities of the labor shed. Members of the staff of the Texas Employment Commission, who assisted in placing cotton pickers in Milam County, feel that the labor shed was a major factor in securing pickers for this area.

The Farm Labor Shed was a project of the Chamber of Commerce and Milam County Farm Bureau with the City of Cameron cooperating. Funds for the project are being solicited from business men of Cameron and farmers of Milam County.

Bear cubs are surprisingly small at birth, being about eight inches long, and weighing from nine to twelve ounces.

## Revival Scheduled Local Church

KENNETH ROBISON

Rev. Kenneth Robison will conduct a revival at the Assembly of God Church, beginning Sunday, October 7.

Rev. Robison is the son of C. P. Robison, pastor of the church. He is a well known evangelist and has spent several years in Northern India as a missionary.

He will relate some of his experience in that country during the course of the revival.

## Income Tax Hike Date Is Set For November

Washington, Oct. 3.—A senate-house conference committee agreed today to put higher personal income taxes into effect Nov. 1, but failed to decide on the amount of the increase.

The senate had voted to put the increase into effect Nov. 1 while the house favored dating it back to Sept. 1. The conferees agreed on Nov. 1 when the higher withholding rates will go into effect. Still to be compromised are a house proposal calling for individual tax increases of 12 1-2 and a senate bill plan to increase individual taxes 11 percent.

The conference committee is working to reconcile differences between the \$5,500,000,000 senate tax bill and the \$7,200,000,000 house bill.

Another agreement reached today would allow single taxpayers, who are heads of households, half the income-splitting benefits now granted to married couples. This conforms with the house bill.

The committee also accepted a senate provision extending existing tax concessions to service men in Korea. The provision extends such concessions to Jan. 1, 1954. They are due to expire Dec. 31.

## Cameron "B" and "C" Teams Smothered By Killeen Teams Here

Killeen's B and C teams defeated Cameron's B and C Squads both by a score of 33-0, according to Coach Don Ross.

The C game got underway around 6:30 P. M. The Killeen team had a good running offense scoring in all quarters of the game.

The B game began at 8 o'clock. The Killeen's passing attack clicked all through the game. They intercepted a number of the Cameron passes.

The Cameron B team meets the Taylor B team next Thursday, Coach Ross stated.

## T. A. Crittenden, Harry Davis Awarded Trip To Cuba

T. A. Crittenden, manager of the parts department at Hefley-Stedman Motor Company and Harry Davis, manager of the service department at the company, have been awarded a three day trip to Havana, Cuba.

They plan to leave for Houston Sunday and will fly to Havana on Monday.

Crittenden and Davis recently were awarded this trip due to the fact they placed second in a three month sales and service contest among 38 dealers in eight states. Some of the towns they competed with has a population of 50,000.

Their many friends are congratulating them upon their great achievement.

## Mrs. Luther Walker Recent Hostess To Pleasure, Profit Club

Mrs. Luther Walker was hostess to the Pleasure and Profit Club at her attractive home in Milano Thursday. The meeting was called to order by Mrs. W. T. Whatley in the absence of the chairman.

Mrs. Harry Haraway presented club members with the new year books.

Mrs. Leroy Raley gave a splendid review of "The Edge of Time," by Grace Erdman.

Mrs. Claude Blackwell gave a federation report. The club presented a shower of shrubs, bulbs, and plants to Mrs. Walker for her new yard.

Mrs. J. R. Young assisted in serving a delicious refreshment with a fruit drink. Seventeen members were present for the meeting.

Mrs. Roy Hensley will be hostess at the next meeting on October 11 at which time the UN program will be observed.

## 890 Milam Farmers Participate In Winter Legume Seed Planting

Eight hundred and ninety Milam County farmers have been issued enough winter legume seed to plant over 25 000 acres to this important crop this fall. Several hundred more farmers will be issued seed before the deadline this fall.

These figures indicate that the small operators as well as the larger ones are realizing the value of planting legumes on their land. This year's drouth has convinced many farmers that the use of W. Legumes is one way of storing up moisture for next years crops. The nitrogen and humus put into the soil by the legumes enriches the land as well as penetrates the hard pan so that more moisture can be absorbed.

Farmers that are still planning to use legumes this fall should get their seed at once so that they can be planted early enough to establish a cover before bad weather starts. The Agricultural Conservation Program assists farmers in carrying out this practice by paying 50 to 70 per cent of the cost of the seed.

U. S. farmers have stepped up their use of liquid petroleum fuels nearly 10 per cent a year since 1947. They used 9.8 billion gallons in 1950 in tractors, trucks, autos, stationary and mounted engines, in farm homes and miscellaneous uses. This was the biggest volume in history.

It takes nine pounds of raw materials to make one pound of aluminum.

## Our Bank Says "Help Yourself"

People around here need lots of small change these days — what with candy, gum, cigarette and soft drink machines ... pay phones ... and those penny sales taxes.

Used to put a strain on our bank. Changing money took up a lot of time. Then the Chief Teller Happy Wilson, read about another bank using a "help yourself" change system. The directors decided to see if it would work here.

They set out some big shallow bowls full of nickels, dimes and pennies with a sign saying "MAKE YOUR OWN CHANGE." Works fine,

too. At the end of the day the totals are never more than a couple of cents under—or over—the right amount.

From where I sit, folks everywhere are pretty much alike, although they may seem different. Farmers and city folks, Republicans and Democrats, those who enjoy a glass of beer occasionally and those who prefer something else—we all usually try to live up to the trust others have in us.
